150W Led High Bay

PHBFF150L

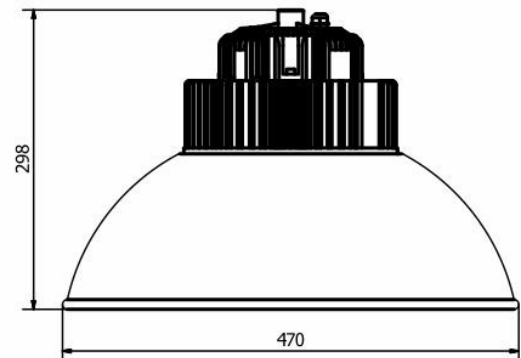

Parameters

Led chip brand	Nichia/Osram
Light Efficiency	≥120lm/w
Luminous Flux	≥17928lm
Color Temperature	4500-5500K
Beam Angle	88°
Total Power Consumption	150±10W
Output current	3800mA
Output voltage	DC 22-42V
Dimming	No
Light Dimensions	470x298mm

Light distribution

Physical dimension

≥0.9	70Ra	IP20	50000 Hrs	AC100 240V	50-60Hz
Power Factor	CRI	IP Level	Life span	Input Voltage	Power Frequency

Others

A single point suspension high bay, saving you time, energy and money
 Direct one-for-one replacement of HID high bays, with up to 40% energy saving
 Plug and play connection for rapid installation
 Heat Sink: Die-casting integrated heat sink effectively avoiding ash deposition, rapid heat dissipation;
 powder spraying process used on the surface to increase the anti-corrosion ability to adapt to all kinds of indoor and outdoor environments;
 Suitable for workshop, warehouse, gymnasium, gas station, shopping mall, garage and other lighting purposes.
